I am submitting this request for a laptop for Shantell Guzman. Shantell is a resident of Marble, Arkansas. She lives with her dad, who is disabled. Shantell is an honor student at Huntsville High School in Huntsville, AR. She is a junior on the honor roll. She works at Krumble Cakes in Fayetteville, AR. When I first met Shantell, she was academically behind. She has fought very hard to now be accepted into the University of Arkansas for the Marine Biology program. I loaned her a laptop to start her classes. She really needs a laptop.

Thanks,

Cecilia Alvarado
