I am submitting this request for a laptop for Kimberlee Lopez. Kimberlee is a resident of Marble, Arkansas. She lives with her dad, who is disabled. Kimberlee is a sophomore at Huntsville High School in Huntsville, AR. When I first met Kimberlee , she was 10 years old. She could not read or write. She has struggled academically she really needs a laptop for the opportunity to learn and grow

Kimberlee does not have a phone, and her dad's is disconnected. Her uncle has an email, and this is how I communicate.
